One Dollar a Year.

KARLE BULL,

Editor and Proprietor.

SATURDAY, OCTOBER 28, 1901

The man who steals a march is seldom caught up with.

Some statesmen who were once shining lights are now only x-rays.

It is conceded that there will be some tariff tinkering attempted by the next Congress.

The south is about to pick the largest crop in its history—and all without the fertilizing fruitfulness of free silver.

The democracy insist on keeping under cover of the Constitution while the patriots of the country go forward with the flag.

So Delightfully Modern.

"Is your new rector an agreeable man?"

"Indeed he is—real nice; plays golf and squash, owns a naphtha launch and automobile, and besides, he isn't a bit religious."—October Smart Set.

TO BUFFALO BY BOAT.

In addition to the through time and through car service to Buffalo over Akron Route, the trip to Pan-American Exposition may be made via Cleveland and steamer by taking trains running over the C. & C. link of the Akron Route to Cleveland where they connect with the boat line. Tickets to Buffalo and return via Cleveland over the C. & C. may be obtained giving the purchaser the option of Boat or Rail between Cleveland and Buffalo. For particulars apply to E. S. Keyes, Agent, Cedarville, O.

RAIL ROUTES STARTED.

The three rail routes which have caused so much talk for the past five months, started on Tuesday in great shape. The routes vary from 22 to 25 miles and some 1500 people are served daily.

Oscar Satterfield has route number one, which goes up in the Dean and Rife neighborhood to Olifon, thence over the Olifon pike to Cedarville, out the Jamestown pike to the Cross Roads, west on the Federal pike, to Albert-Hopping's corner, thence home by way of E. L. Stormont and L. A. Teas.

Will Spencer has route number two, which goes to the west of Olifon and back to town, thence to the Xenia and Cedarville pike to the Charlton corner, past Bob Cooper and S. K. Williamson's.

H. M. Stormont has route number three, which goes up by Gladstone, and around home by way of Selma and the Columbus pike.

As for wagons and outfits, the carriers have the most complete that could be purchased. Furthermore the three wagons are of better style and make better appearance than any other routes in the county. This is one thing peculiar about Cedarville—she always has the best of everything.

The work in the post office will necessarily be made greater, as will the revenue. Postmaster Tarbox deserves great credit for his untiring efforts in getting this service through for our country friends.

Longer Time at Buffalo.

The return limit on excursion tickets to Buffalo over the Akron Route for the Pan-American Exposition will be as follows: On tickets sold at one cent a mile for Tuesday coach excursions, the return limit will include trains leaving Buffalo not later than one o'clock a. m., central time, of the Monday immediately following date of sale, making the limit on such tickets practically six days for the round trip. The limit on ten-day excursion tickets sold at one fare plus one dollar will be fifteen days, and the limit on fifteen day tickets sold at one and one-third fare will be twenty days. These extensions will be effective on and after Aug. 20th. For information about specific fare, through time, etc., consult nearest ticket agent of the Pennsylvania Lines.

REDUCED RATES TO CLEVELAND.

October 7 and 8 for Meeting of Ohio Star, excursion tickets to Cleveland will be sold via Pennsylvania Lines, good returning until October 11th. For particulars see ticket agent.

If you want anything good, go to Gray.

Our Hitting Places.

We notice that several of our hitting racks about town have become considerably dilapidated. In some instances two of the posts have been broken off, thus leaving a very dangerous place to hit. As for our part we would be pleased to see the council order down all public hitting racks where they haven't already paved with concrete or stone. Then let this same body provide a suitable place, have it well graded and lighted, and those who are not fortunate enough to get to hit at the payed rack let him go to a place a council may select.

In many of our cities and towns in this state it is a violation of ordinance to hit in the business district. We do not urge such a change on these grounds for these conditions are above mentioned. In many cases brought about owing to heavy trade, but we do think it would prove to be better as our streets at the time of the public hitting places are too narrow. For instance a farmer comes to town with a large wagon with hay, ladders on and attempts to hit to the Gray rack on Xenia avenue. He is either compelled to allow his wagon to stand in the middle of the street when hit, or drive alongside the rack, thereby taking up enough space for three or four ordinary buggies. The argument might come up that it is not safe to hit at the center of town. This we realize but as the town now has a light policeman, and by having the hitting lot well lighted we would fear no trouble. This we feel is a matter our honorable council should investigate, as it can be seen several of our racks are in a dangerous condition.

A Town Clock.

There has been some talk of late as to why Cedarville could not have a town clock. Numerous suggestions have been extended and from the sentiment we have attained, we feel that such steps would meet the hearty approval of the people. As for the suggestions, it has been asked that the town assist in placing a clock in the tower of the new R. P. church, also that the corporation and township extend the present tower on the opera house building to a height that would be easily seen from any part of the town. It is further argued that a clock in the opera house tower would have the advantage of the bell already in position. With all this talk we must mind that such time pieces as these, cost, when new, all the way from \$700 to \$3500, and that such amounts are not every day picked up from the street gutter.

The question with some is: "What will become of the old court house clock?" This clock when taken from its resting place was found to be in good condition and would possibly do service for another fifty years. It has been suggested that our citizens take some measures towards securing that old historic time piece, which has done service at the "Temple of Justice" for so many years. "If the clock could be replaced and put in condition to do service for another fifty years, Cedarville could certainly feel proud over securing the most important relic, as we might call it, from the old court house.

There is a question as to whether public money could be expended on any other than public buildings which are under direct control of either township or municipal officials. In this case any thing along this line would have to be placed on the opera house building.

How Much Seed Wheat to the Acre?

In the fall of 1877 an experiment was begun on the farm of the Ohio State University in seedling wheat at different rates per acre. The experiment was made on rich bottom land, and although a yield of 34 bushels of wheat was harvested from five pecks of seed the yield for seven pecks was 37 bushels. The next year the experiment was repeated with great care, five duplicate plots of one-sixth acre each being sown with each quantity of seed, with the result again that the seven peck rate of seedling gave enough more wheat than any smaller quantity to abundantly compensate the extra cost of seed.

In 1882 this question was taken up by the Ohio Experiment Station, then located on the same farm, and was repeated nearly every year until the Station was removed to its present location. The final sumping up of these experiments, made in 1891, indicated a maximum average yield on that soil for quantities of seed ranging from five to seven pecks.

In 1892 the Station was removed to its present location, the soil of which is naturally far less productive than that upon which it was first located, and after a few years the investigation of this problem was again undertaken, with the result that the most profitable harvests have been reaped from eight pecks of seed and upward, the nine and ten peck rates having given the best returns in unfavorable seasons.

Shaffer has made a record as misleader of the strikers.

You Can Lead a Horse to water but you can't make him drink.

You can't make him eat either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, of course. Scott's Emulsion makes a thin body hungry all over. Thought a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—not working—gone on a strike. It doesn't try to use its food. Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat. Morning Wedding.

At the home of Mr. Lewis Gilbert, Wednesday, Miss Della Gilbert and Mr. John W. Johnson were united in marriage at eight thirty o'clock. Only the immediate family and a few friends were present at the marriage ceremony, which was performed by Rev. Hamilton, pastor of the couple.

The bride was attired in a brown traveling dress, with a white silk waist, the groom wearing the conventional black. Immediately after the ceremony the newly married couple took a carriage, which was in waiting, for Springfield, where they left for a two weeks stay in Buffalo.

The young couple have many friends who will wish them much happiness and pleasure in their new life. The friends extend congratulations.

Must Expand.

The local telephone company is distributed poles out the Cedarville and Clifton-pike, where it has the assurance of several new subscribers that want on this line. The company now has quite a different proposition to meet and one that is not so easily conquered unless all members of the organization are willing to go ahead and make some much needed additions. First, the switch board is full, there being no extra drops. Next thing is, they have all the wires on the down town poles they can have; consequently they will be forced to run a cable through to town. This work is very expensive. We are glad to note that our local company has made such progress that they are forced to enlarge the plant. This means still better and a more complete service for the patrons already on the board.

OBITUARY.

Jacob Alexander, youngest son of Jacob and Margaret Alexander, was born near Clifton, Ohio, Feb. 11, 1838. His boyhood was spent on the farm and at the age of seventeen he went to Xenia and spent three years in the shop of David Pottle, learning the blacksmith trade; then coming to Cedarville started in business for himself. When the call for volunteers came in 1861, he enlisted in the 44th O. V. I., serving his country faithfully for three years, then with the rest of the boys in blue returned to his work.

In March, 1866, he was united in marriage with Miss Julia Beachem, of Xenia, who with five children is left to mourn a kind husband and father.

He was taken sick last February and suffered patiently till the end came Sept. 23, 1905.

Friend after friend departs. Who hath not lost a friend? There is no union here of hearts That hath not here an end. Beyond the flight of time, Beyond the vale of death, There surely is some blessed clime Where life is not a breath.

HELLER'S TESTIMONY.

Albert Heller, living at 1114 Farnham St., Omaha, says: "I have tried most everything that is used as a preventive or cure for headache, but nothing did me so much good as Krause's Headache Capsules. Others who have used them say the same thing." Price 25c. Sold by C. M. Ridgway.

We incidentally, though authentically, heard lately that Mr. Perry Shull, formerly a clerk for Mr. R. L. Stewart, a Cedarville boy who went to Kansas City, Mo., some years ago, is now among the rising men of that city. He made a strike in the clothing business, beginning in a small way and working his way up until he is now rich. He and a partner have three large merchant tailoring stores and are arranging to establish a still more extensive business, besides being possessed of a large amount of real estate. —Xenia Gazette.

—Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. Strikes at the root of the trouble and draws out the inflammation. The children's favorite Cough Cure. C. M. Ridgway.

The movement for improvement of the prisons in the United States should be suspended until the anarchists shall get their dues.

QUININE FOR COLDS.
Many people who use quinine for the cure of colds say that the effect of this drug is more disagreeable than the disease. Krause's Cold Cure is prepared in a convenient capsule form, and will cure the most deeply-seated cold in 24 hours without any interruption to business. They are pleasant to take and give you a clear, fresh sensation while operating. Price 25c. Sold by C. M. Ridgway.

Putting It Strong

And why not? When the merchandise and prices will back up the statements made concerning them. We have every incentive to "Put it strong". There is nothing wrong in emphasizing excellence, when the emphasis is within the bounds of truth, when facts are given without misrepresentation. Our "ads" state facts—just facts. Thomas St. John met with a most
painful accident last Monday morning
while leading a horse to town. The
horse became frightened and pulled
back, drawing the strap through Mr.
St. John's hand. On the end of the
strap was an open snap which caught
the little finger on the right hand,
tearing the flesh entirely from the
bone. The accident has proved to be
very painful, as a number of the lig-

The injury will cause the patient to
lose the use of his right hand for some
time.

Tuesday was the first day under the
ten o'clock and screen ordinances. As
early as Monday afternoon our saloon-
ists, in order to be obedient to the law,
removed their screens and blinds and
closed up the back doors. It looks
rather peculiar to pass these places
now and have the privilege of view-
ing the establishment from one end to
the other. One other good thing is
that the slot machines had to go.
Under the ordinance no games of
chance or gambling devices of any
kind are allowed in these places. The
proprietors seemed to take the order
very calmly and without a word com-
plained with every article of the ordi-
nance without the attention of the
officers.

Give Assistance.

Postmaster Tarbox this week re-
ceived a letter from Mr. Jean Rob-
erts, of Springfield, offering his ser-
vices for an entertainment, the pro-
ceeds to go towards purchasing a flag.
Postmaster Tarbox interviewed the
township trustees and they willingly
granted the use of the opera house.
All we need now is some little exer-
tion towards this entertainment. The
following is the letter:

SPRINGFIELD, O., Sept. 24, 1901.

Dear Sir:—Having read in one of
the daily newspapers that your little
city had no flag, and wishing
for said place to have same would like
to know if you can arrange one night
for me to play in your town hall in a
Musical and Elocutionary Entertain-
ment, you people to furnish the
hall, piano, etc., also my transpor-
tation. You may charge whatever you
wish. My price for my work will be
gratuity, that is free. I merely am
doing this to help your people in what I
consider a good cause. Can you give
me all the recommendations you wish
from Lodges and private parties.

Hoping that I may hear from you
in the very near future, I remain
Sincerely yours,
JEAN ROBERTS.

Mr. Roberts' attention was called
by the following paragraph from the
Springfield Sun: "The Cedarville
HERALD notes the fact that the little
city has no flag, and consequently
when McKimley died could not fly
one from the building at half mast.
A little punning by the newspaper
wrote the people up, and they'll have
one ready by the Fourth of July."

At a regular meeting of Currie Post
No. 94, G. A. R., Oct. 8, 1901, the
following resolutions were passed
unanimously:

Whereas: The comrades of Currie
Post No. 94 in common with all good
and loyal citizens of the community,
state, and nation, are deeply grieved
by the assassination of our chief Ex-
ecutive, William McKinley and

Whereas: William McKinley was an
honored member of the G. A. R. and
one of whose comradeship the or-
der was justly proud, therefore be it

Resolved, 1st That we hereby ex-
press our profound grief and sorrow,
and while we bow in humble submis-
sion to the Divine will, we can say
with the dying President, "Thy will,
Not Ours, be Done."

2d That the members of this Post
tender their heartfelt sympathy to Mrs.
McKinley and pray that God may
give her strength in her hour of trouble.

3d That we demand that Congress
pass laws making anarchy treason
against the government, immigration
laws be made more strict, that the
Public Press show more respect to our
rulers, and that Patriotism be more
earnestly taught in our public schools.

4th That these resolutions be rec-
orded in our minutes and a copy given
to the Cedarville Herald for publication.

T. V. Hiff, Commander.
J. M. Bromage, Adjutant.

Commissioners Appoints Recorder.

M. A. Brundstone was appointed
County Recorder by the commis-
sioners, Thursday, to fill the vacancy
caused by the death of the late S. A.
Adams. He was appointed for only
a short time, as the law provides that
where a vacancy occurs thirty days
before a regular election that it shall
be filled at the election; consequently
Mr. Brundstone will have only a little
over a month to serve.

Tip to Republicans.

Bowling Green Sentinel: Republi-
cans must not be overconfident or
careless in this campaign. Should a
Democratic legislature be elected it
would not only choose a United States
senator of that stripe of politics, but
also gerrymander the state so as to
maintain a Democratic majority in the
legislature as long as possible. Aside
from a guarding against such results
every Republican voter should remem-
ber that the larger the vote of his par-
ticular electoral division, the greater
will be its influence in the party coun-
cils, from the precincts to the national
convention.

A decrease of nearly \$2,000,000 a
week in government expenses over the
last fiscal year is the most practical
possible proof of the value to the peo-
ple of Republican rule. What a re-
markable contrast it is to the last
Democratic administration that had to
borrow vast sums to meet current ex-
penses.

Will Ohio elect a legislature pledged
to oppose President Roosevelt, and to
elect an Ohio member of the United
States senate who will oppose him?

Students Celebrate.

On Monday evening a number of
college students paraded the streets,
having a "high old time." One of
the literary societies had had a meet-
ing that evening and were jubilant
over the number of active and hon-
orary members they took in. When
down in the center of town there was
considerable noise and hollering. The
night officer allowed it to continue
and let the young folks have their
fun until the proprietor of one of our
saloons happened along and demanded
that the officer stop the noise or he
would swear out warrants for each
one the next morning. He said that
should one man get out in front of
his place and give a shout, both the
violin and he himself would be ar-
rested for disorderly conduct. The
night officer then dispersed the crowd.
Mr. S. K. Turnbull reports that he
never heard such noise at that time of
night since he came to town, but
thought if it were absolutely neces-
sary he could put up with it.

The young folks were out enjoying
themselves, which we think was all
right, providing that it wasn't carried
to extremes. We like to see the col-
lege spirit kept up but the officers
and citizens must bear in mind that
some of the young folks don't have an
opportunity every year to celebrate.

The Lecture Course This Season.

The committee from the two literary
societies of the college has completed
arrangements for the lecture course
this winter. Last season the course
was a decided success in every respect,
and prospects are good for even a bet-
ter course this season. This course is
possibly the highest priced that was
ever in the town, this being necessary
in order to have a course of a higher
class of entertainments and lectures.
We are pleased to know that they
were successful in securing that elo-
quent southern orator, Gen. Gordon,
of Atlanta. He is one of the high-
est priced lecturers on the American
stage. In most cities the price of ad-
mission to hear this distinguished or-
ator is nearly that of the price of the
season ticket for the entire course.
The citizens of Cedarville and vicinity
should congratulate themselves in that
they will have the privilege of hear-
ing Gen. Gordon some time this win-
ter.

S. N. Adams Dead.

Samuel N. Adams, who for a period
of twenty years had held the office of
county recorder, died very suddenly
Wednesday night, sitting in his chair
at the Commercial hotel. On Wednes-
day he had been about his office at-
tending to his duties as usual and
spent part of the evening at his home.
He showed no signs of sickness nor
did he mention anything of the kind
in anyone. He left his home about
nine o'clock and went up town, stop-
ping at the Commercial hotel. While
in his chair he fell asleep and about
eleven o'clock, the proprietor, John
Hornick, asked him if he did not
want to go to bed. The proprietor
told him what room to take if he
were for one, and retired, leaving
Mr. Adams sitting in the chair.

The porter being about his work in
the morning noticed him sitting there
asleep but did not disturb him. Later
an effort was made but without avail.

Dr. L. H. Brundage was sum-
moned and upon his arrival it was
found that Mr. Adams was dead.
Coroner Johnson was notified and the
body was removed to the family resi-
dence. An autopsy was held and the
cause of death was from cerebral
hemorrhage.

Samuel N. Adams was a native of
Pennsylvania. In 1862 he joined
Company D, 110th Ohio Infantry,
under Col. J. W. Keiffer. While in
the service, April 2, he was wounded
and his right foot had to be ampu-
tated. He was mustered out in Sep-
tember, 1865, and returned to his
home in Springfield.

In 1881 he was appointed to the
office of county recorder, filling the
vacancy caused by the death of Capt.
Torrence. He was elected in 1882
and held the office up to his death.

A Magazine for College Men.

versity, by President Harper, of the

ing Post, of Philadelphia.

Theodore Roosevelt, Harvard '80,
is the title of an entertaining paper
on the President's college life, his
friend, Owen Wister. Other strong
features of this number are short sto-
ries by Max Adeler, Jesse Lynch
Williams and Frank Norris; and a
page of droll "Nature Studies" by
Oliver Herford.

This number will be of unusual in-
terest to all college men.

A Cough

"I have made a most thorough
trial of Ayer's Cherry Pectoral and
am prepared to say that for all dis-
eases of the lungs it never disap-
points."

J. Early Finley, Ironton, O.

Ayer's Cherry Pectoral
won't cure rheumatism;
we never said it would.
It won't cure dyspepsia;
we never claimed it. But
it will cure coughs and
colds of all kinds. We
first said this sixty years
ago; we've been saying it
ever since.

Three sizes 25c, enough for an ordinary
cough; 50c, just right for bronchitis, hoarse-
ness, hard colds, etc.; 75c, most economi-
cal for chronic cases and for those of lung
and throat disease.
